Thank You

FOR YOUR INTEREST IN BADASH

We are pleased to offer our 73rd Anniversary Edition of the Badash Collection. Our extensive and diverse product line enables you to satisfy all of your clients' needs. Badash highly styled and fine quality gift and home decor products are the first choice of furniture & accessory stores as well as gift shops, florists, corporate awards and recognition programs. We pride ourselves on our continued effort to offer our customers products with unique elegance at an affordable price. Badash has strived to benefit our environment in many ways. One of which has been to shift production selection to lead free crystal which is made from all natural recyclable element minerals like potash, dolomite, sand, limestone and quartz. Badash also donates 10% of it's profits to charitable causes. Jack would be proud!

Last year we introduced a state of the art website enabling us to improve your purchasing experience. It is a place to view all of our products, promotions, stock availability, and up to the moment new product introductions. Don't forget to use our Quick Order feature to see full product listing. Thanks for the opportunity to serve you!

Every piece is handcrafted. The master blowers coax molten hot crystal into flowing shapes, while cutters etch cooled clear crystal with precise designs. Then artists hand paint the etched designs with metallic fill.
